## FALÉSIA VILAMOURA

The Falesia beach is one of the longest beaches in the Algarve, with more than 6 Km of golden sand, stretching from Vilamoura in the west to Olhos de Agua in the east.

## VILAMOURA BEACH

The Vilamoura Beach, also known as Praia da Marina is located between the Marina to the west and the fishing port of Quarteira to the east. This beautiful beach has about 1 Km of wide soft golden sands, an incredibly blue sea and outstanding tourist facilities. It's a great beach for families with small children.

## QUARTEIRA

Quarteira used to be a small fishing village, but has turned into a holiday resort with high-rise apartments near the sea. The vast and beautiful beach stretches the length of the town and it's its main attraction. Behind the beach you can find a splendid promenade filled with palm trees. Here you can enjoy a walk or bicycle trip whilst overlooking the sea.
